Sampling error (estimation error in ST)
Substitution model
Orthology inference
Among lineage rate heterogeneity
ILS
Violated assumptions about recombination
Gene tree uncertainty
Saturation
LBA (class iii)
LB repulsion (class ii)
Symplesiomorphy trap (class i)
Missing data patterns
Compositional heterogeneity
Outlier loci
Metapterygota
Chiastomyaria
Palaeoptera
Analysis Steps
Misof et al. 2014
Simon et al. 2018
Frandsen et al. 2026
Gene tree and species tree inference
Locus quality and subsampling analysis
Anomaly zone assessment on original data and subsets
FcLM
delta-LS and modeling comparisons
Recombination window analysis
Optimal rates analysis
Empirical ALRH analyses
Simulation tests
Modified ALRH analyses
